Instead of Being \$24,000 in the Hole Its Indebtedness Now Is Only \$6,000.

The statement which was several days ago circulated about the financial in the mine, for he was never there in condition of the Beck Tunnel company by interests that had gone "short" of the stock seems to have been a rather exaggerated and vicious one. It was given with the evident purpose of the stock so that the "shorts" might cover at a big to say that be condition of the Beck Tunnel company his life. And if he had been, it is safe talent to guesing. A few days ago, it will be remembered, the stock, for some reason that has not yet been satisfactorily explained, jumped up from less than \$2 to over \$3 a share. It has since dropped back to \$2.40. Now the "shorts" might cover at a big to say that he could not have told the difference between rotten, iron-stained lime and high-grade silver-lead carbonates to save his existence.

The market presented a stronger tone yesterday and a number of the stocks that had been on the decline earlier in the week commenced to pick up and the week commenced to pick up and the week commenced to the difference between rotten, iron-stained lime and high-grade silver-lead carbonates to save his existence.

COPPER NOT AS WEAK

The market presented a stronger tone yesterday and a number of the stocks that had been on the decline earlier in the week commenced to pick up and the week commenced to the week commenced to pick up and the week commenced to pick up profit. The report that swept out into the breeze where it was calculated it would rapidly spread and cause consternation in the ranks of the innocent shaeholders, was to the effect that the company owed \$24,000 to \$34,000, the figures varying with each presentation by somebody who had secured them from somebody else.

Yesterday a letter was received from Secretary R. E. Allen advising the broker who had previously been down

#### COPPER STOCKS IN BOSTON AND NEW YORK

Following is the daily market comment of Paine, Webber & Co., Boston, together with the range of prices of copper stocks and other Boston listings in which the west is interested, as well as a similar report on New York curb transactions, by James A. Pollock & Co., and from which it is secured for use in this department of The Herald: All grades of copper metal were reduced %c in the asked price, making lake 12%@ 12%, electrolytic 12%@12% and casting 124

Boston, May 1.—The recovery today was 2,941 tons within the past two weeks. reasonable and it certainly foretells fur-ther improvement. The local coppers were dull but strong. Shannon was well bought and on its present showing ought to sell higher. There was some manipulation of Atlantic, one house taking about 500, but we do not hear anything to warrant a further rise. North Butte and Butte Coalition were noticeably strong and ought to reach 65 and 25, respectively, on this move. Copper Range will cross 79 easily. Floor traders bid up Superior to 18%, and move. Copper Range will cross 70 easily.

Floor traders bid up Superior to 18%, and we strongly advise selling it on this movement and putting the proceeds into Lake Copper, which has the best showing made by any prospect in the lake region for a long time.

The frame that the pressure is diminishing all the time, this is counted as satisfactory progress by Manager Ernest Bamberger, It was announced by the superintendent at the same time the water level was given that the third five-inch hole from the side to the main drift on the

Boston, May 1.—C. E. Henry & Co., the London representative of the United Metals Selling company, are offering the last spurt took place.

A number of the brokers evidently got wind of how the stock was acting in the east, and they "made hay while the sun shone." It sold first at \$2.75, and bids of \$2.77½ to \$2.89 brought out significantly and bids of \$2.77½ to \$2.89 brough out significantly and bids of \$2.77½ to \$2.80 brough out significantly and bids of \$2.77½ to \$2.89 brough out significantly and bids of \$2.77½ to \$2.80 brough out signi

#### MANAGER TREWEEK BACK FROM THE WABASH MIN

Manager Nicholas Theweek returne from a several days' trip to the Wabas Thursday night, highly pleased with th manner in which development work i now being pushed. He states that, not THROUGH AT THE ONTARIO withstanding that the spring thaw is we During the twenty-four hours ending yesterday noon the water in No. 3 shaft of the Ontario, at Park City, was lowered two inches less than six feet, to a point under way, the disappearance of the sno is going on so slowly and at such an eve pace that no appreciable difference i the amount of water in the mine has bee noticed. The ground in which development is now being pushed is draining of well and better headway than was here to ore possible is being made.

Asked about his visit to the Allianc tunnel workings of the Silver King Coalition company, Mr. Treweek stated that he had been there with Mr. Gillette, his superintendent, on Wednesday and the

was given that the third five-inch hole from the side to the main drift on the drain tunnel level had been finished and that an additional flow had resulted.

The water level is by this time probably down below the roof of the station on the 1.500 or drain tunnel level and there is a strong probability that by tomorrow or next day it will be safe to break through the harrier between the side drift and willing to discuss the matter. superintendent, on Wednesday, and that he had made a preliminary survey of suc portions of the territory in which he claims a trespass on the part of the King company, as he was permitted tenter. Further than that he was not provided to the context of the context o

#### BIG GOLD CIRCLE STRIKE IS FULLY CONFIRME

next day it will be safe to break through the barrier between the side drift and main avenue and begin exploration. At the same time it will likely be possible to get down to the same level through the No. 3 shaft. It is all glorious news that is coming from the Ontario now. J. P. Turner received a letter from Go Circle vesterday morning which gave fu STOCKS ON EXCHANGE

Just a half-dozen of the unlisted stocks participated in the trading yesterday and they brought good prices, better than have prevailed for several days in most of them. East Crown Point brought the property of the Gold Circle Crown hing company. The letter to Mr. Turn feet in the company's own shaft ther was from twelve to fourteen inches of or that sampled better than \$1,500 per tor The letter stated that the writer had one his own sampling and secured hown assays, so he was certain that recompany. confirmation of the reported strike of them. East Crown Point brought the usual 2 cents a share, Mountain Lake Ex-

of them. East Crown Point brought the usual 2 cents a share, Mountain Lake Extension was picked up at 7½c and 7½c, while Ohio Copper was started at \$2.75 and sold up to \$2.80. Silver King Coalition was stronger at \$3.85 to \$3.90, while Thompson sold at 26c and Uintah Treasure Hill at 28½c to 29½c. ure Hill at 23½c to 29½c.

Bingham Standard Copper was offered at 25c and Mason Valley at \$1.20, while 13c was bid for Federal-Ely without a share coming out. Cedar was quoted at

### 11c asked, Demijohn at 11c at 13c and East Tintic Consolidated at 4c at 5c. That set-MINING OF HIGH GRADE

(Pollock Private Wire.) Butte, May 1.—Orders have been issued to nearly all shaft bosses of the Amalgamated, and presumably to North Butte and Butte Coalition, to mine less firstclass ore. In some mines the miners have been taken off first-class entirely. presumption is that the companies find they can make money under present econ-

omies on lower grade ore.

The production of the district for April is estimated in excess of 25,000,000 pounds of copper. North Butte's share was 3,700,000 pounds, Butte Coalition produced from the Rarus mine alone 2,400,000; the Anaconda production is in excess of 7,000, 000 pounds and Boston & Montana nearly 8,000,000 pounds. The March production was about 18,227,000 pounds. So that April will show an increase of nearly 7,000,000 pounds, or 35 per cent.

#### **NEW YORK BONANZA** HAS ORE IN MARKET

Fifty-two tons of ore from the New York Bonanza company at Park City has just been released from the sampler, though settlement has not yet been made on the lot. Secretary J. H. Deming stated yesterday that he expected the consignment to bring somewhere between \$30 and \$33 a ton, but he did not have figures complete enough to accurately figure

t at the moment. Yesterday morning ten men were added to the mine force and during the latter part of the coming week another carload of ore is expected to reach the sampler. There have been no particular changes at the mine during the past few days, though the showing is a very encouraging one—a great deal more encouraging than the present price of silver.

## Mining Notes.

Four carloads of ore from Utah mines and two from Nevada were released from the Taylor & Brunton sampling works yesterday.

One carload of ore from a Utah mine was released from the Pioneer sampler yesterday morning. Joseph Stowe, the veteran Comstocker and father of H. S. Stowe, the real estate and insurance man, though well along in years, has caught the Nevada gold fever, and last evening pulled out for the Seven Troughs district.

It is reported from Park City that the South Dakota company has just received a carload of new machinery that is being installed at the mine. Development work has been steadily progressing at the property for the past several months, and substantial results are expected in the near

Mines Manager L. S. Cates of the Boston Consolidated company's properties was in the city yesterday. He stated that things were beginning to move much more to his liking at the properties and that a much better grade of ore was now being broken down at the porphyry end of the mine. New ore bins have been erected at the bottom of the tramway and a good tonnage is again moving toward the mill. He states that improved conditions will

result all the time from now on. J. OBERNDORFER. Stock Broker.

## WOMEN SUFFER.

Women have so much to go through in life that it is a pity there is so much needless suffering from backache, headache, dizziness, languor and other common aches and ills of kidney complaint.

Doan's Kidney Pills have brought new life and strength to thousands of women afflicted in this way.

Women are prone to kidney trouble. They have so much indoor work to do, so much lifting, bending and stooping, they are bound by custom to tight, heavy clothing. They get little outdoor exercise, and any little cold may bring on a kidney weakness.

Don't worry if you feel tired and dragged out-if you have backache and bearing-down pain, headache, dizzy spells, faintness and lack ambition.

to begin using Doan's Kidney Pills. Delay may run you into Bright's disease or diabetes.

Doan's Kidney Pills are a special medicine for the kidneys, and do not affect the bowels or any other organs. There is not a particle of poison in them-just the pure roots and herbs that nature intended for curing the kid-

Doan's Kidney Pills cure every form of kidney trouble. Read the testimony of a woman of your own city, perhaps a neighbor.

SALT LAKE CITY TESTIMONY.

Mrs. M. C. Dale, 459 West Eighth South St., Salt Lake City, Utah, says: 'For over a year I was a victim of kidney trouble. There were severe pains through my back and loins and whenever I contracted a cold or over-exerted myself, my suffering became more intense. I gradually grew worse and was frequently confined to my bed for a week at a time. The kidneys also were very irregular in action, greatly adding to my discomfort. I heard so much in favor of Doan's Kidney Pills, that I decided to give them a trial and procured a box at the F. J. Hill Drug Co. They helped me from the first and after taking them for a short time, I was cured. I advise others afflicted in a
